Skills

Programming: C#, Java, and Python

Software: Unity, iOS, Windows, Final Cut Pro, Photoshop

Education

Georgia Institute of Technology, Atlanta, GA Exp. Grad: May 2022

- Bachelors of Science in Computational Media

Georgia State University, Atlanta, GA August 2018 - May 2019

- Earned 31 credits towards a Bachelors of Science in Computer Science
- GPA: 4.12 – Honors

Work History

IT Assistant for Georgia State's College of the Arts Tech Support August 2018 - May 2019

- Recorded technical issues from campus stakeholder according to priority and ultimately professors and faculty had and aided my seniors on in-person visits.
- Successfully transferred data from a task management software to a ticket management software.
- As a result, COTA Tech was able to have a safe place to keep the receipts of all the tasks they've done from August 2017 – May 2019. Provided technical support on in-person visits to ensure that all the technology (computers, audio/visual equipment, etc.) in the Georgia State College of the Arts was working as expected.

Student Organizations

Video Game Development Club August 2018 – Present

- Developing a 3D platformer in Unity with approximately 25 other students by contributing code and animating 3D enemies

Personal Projects

StarChild August 2019

- Made in Unity
- Made for the Game Maker's Toolkit Game Jam (48 hours)
- Worked on a team of 5 people as lead game designer and general programmer
- Coded the camera, enemy attacks, and implemented all animations

Project Chronograph

- Made in Unity
- Developed in a year with 4-7 students
- Lead Programmer – Coded player character and interactive objects
- Implemented all animations
